Caveats: NONE

Mark,

I have no objections to your substitutions.

Thanks, Tina

Subject: [EXTERNAL] Highbush Cranberry (*Viburnum edule*) Plant Substitution - UCCMS

All,

Please see the attached memo regarding substituting different plants for highbush cranberry (*Viburnum edule*) plants at the Port's Upper Clear Creek Mitigation Site.

As the Port will be issuing a change order soon for the contractor to install a portion of these plants during this planting season, please let me know if there are any comments, questions, or concerns within one week (i.e., by February 3rd).

Thanks in advance,

Mark
